

Code for video: "Article Variables Part 2"

Update your `pages_controller.rb`

```
class PagesController < ApplicationController
```

```
  def index
    @articles = Article.all
  end
```

Update in `views/pages/index/html.erb`

```
<!-- Side Widget Well -->
<div class="well">
  <h4>Recent Posts</h4>
  <% @articles.each do |a| %>
    <%= a.title %>
    <%= a.body %>
  <% end %>
</div>
```
