

Code for video: "How git saved my life"

1. `git status`
2. `git checkout -b gemfileedit`

Remove all comments from the gemfile. Comments in Ruby start with a `"#"`

3. `git add -A`
4. `git commit -m "cleaned up gemfile text"`
5. `git push origin gemfileedit`
6. `git checkout master`
7. `git merge gemfileedit`
8. `git status`
