

Code for video: “Form Partial For Comments”

1. Go into the comments folder and open up the form partial.

Update the file with:

```
<%= simple_form_for ([@article, @article.comments.build]) do |f| %>

<%= f.input :body %>
<%= f.submit "Post your comment" %>

<% end %>
```

2. Go to the articles folder and open the show file and update it:

```
<p id="notice"><%= notice %></p>

<p>
  <strong>Created by:</strong>
  <%= @article.user.username %>
</p>

<p>
  <strong>Title:</strong>
  <%= @article.title %>
</p>

<p>
  <strong>Body:</strong>
  <%= @article.body %>
</p>

<%= render 'comments/form' %>

<%= link_to 'Edit', edit_article_path(@article) %> |
<%= link_to 'Back', articles_path %>
```
