

Code for video: "Font Awesome"

1. Go to <https://rubygems.org/gems/font-awesome-sass/versions/4.5.0> grab the latest version of the gem
2. Paste it into your gemfile
3. Bundle install
4. Update your application.css.scss with

```
@import "font-awesome-sprockets";  
@import "font-awesome";
```

Restart the server and you now should see the icons for facebook, twitter etc.
