Code for video: "Generate Migration"

1. rails g migration add_columns_to_users admin:boolean firstname:string lastname:string
2.

```
class AddColumnsToUsers < ActiveRecord::Migration
  def change
    add_column :users, :admin, :boolean, default: false
    add_column :users, :firstname, :string
    add_column :users, :lastname, :string
  end
end
```

3. rake db:migrate
